## Chrome Special Edition Classic Professional CB Radio

The 29 Classic has a Chrome Design! The design consists of a chrome cabinet, Chrome microphone, Blue channel display and signal strength meter and Talk-back.

The 29 LTD CHR is an great addition to professional drivers appeal to chrome in the cab. The 29 is manufactured based on the original design which has been known for performance and durability. Professional driver-requested improvements have been made thru-out the years to continue to enhance performance and durability with style continuing the un-matched Cobra tradition. The major features include SWR Calibration with warning indicator to adjust and monitor the antenna system. RF Gain and Dynamike boost for loud and clear communication. Classic Analog Signal Meter that that swings proportionally to the level of incoming receive and out-going transmit signals. The meter also illustrates The standing Wave Ratio of the antenna system.
